

# INTERNET SYNDICATION LIST

Your property/listing will be syndicated to additional Real Estate web sites, other than the standard ones provided through NTREIS/MLS, so that your listing will receive wide availability to buyers in multiple markets, giving your property/listing vast exposure.

Homes/properties are further listed, showcased, advertised, updated and connected via Facebook, Twitter, YouTube, eBay Classifieds, Pinterest, Google+ and Cliffmoontexas.com for maximum exposure.

*Please Note: Some listings are not supported by some web sites because of certain qualifications such as price, location, etc.*
